Bosnian Pyramids Grand Tour

With Sam Osmanagich PhD, Principal Investigator
and Nigel Grace, Volunteer and Researcher

Join an incredible 7 day comprehensive tour of the Bosnian Valley of Pyramids and beyond, exploring the archaeology, history and mysteries of an unknown culture from before the last Ice Age.

Bosnian Pyramid of the Sun:

With its precise orientation towards cosmic north, and the date measured at 29,000 years old the Pyramid of the Sun is the oldest and largest pyramid in the world. Sam will guide us to the evidence of its antiquity and to experience the healing energy of the ancient concrete covering its slopes.

We will climb to the top of the Bosnian Pyramid of the Sun in time for the sunset on the Spring Equinox: A celebration and ceremony sending messages of love and harmony to the World.

Bosnian Pyramid of the Moon:

Examine the stone terrace made from sandstone plates. It's height of 190 meters makes it the second biggest stone structure in the Bosnian Valley of the Pyramids. The Pyramid of the Moon, together with the Sun and Dragon pyramids form a perfect equilateral triangle.

Ravne underground tunnel labyrinth:

Dated as Europe's oldest prehistoric tunnel network, where human presence endured for over 30,000 years. The presence of health-giving negative ions in the air in Ravne tunnel is up to 40 times higher than anywhere else in habituated areas. Guides will accompany you on a research trip deep into the vast underground labyrinth, which hides some of the biggest mysteries of modern archaeology, including a meditation ceramic block and a healing chamber.

Bosnian Pyramid of the Sun

"The ancient people who built these pyramids knew the secrets of frequency and energy. They used these natural resources to develop technologies and undertake construction on scales we have not seen before on Earth" Dr. Osmanagich.

Comments from the 2013/4 Tours:

"A Big Thank You for a truly multi-dimensional experience - the experience of the tunnels and the pyramids was really something that goes beyond words" Alexis, UK

"A visit to 'The Bosnian Pyramids' is as awesome as it gets! Combined with conference with all of its wonderful speakers, the experience was literally mind blowing. I'm so happy to have been a part of the entire event and to have met so many beautiful souls, something within me has definitely changed for the better, feel so calm amongst life's usual pressures, quite amazing, thank you." Janie, UK

"The conference and tour was a real worthy experience all-round. As for the Bosnian Pyramid Foundation - it is truly a humanitarian educational project." Dr. E. Baumann, Germany.

Beyond the Pyramids

Our tour continues with a luxury coach excursion to the ancient remains of a megalithic city called Daorson at Ošanići. The visit includes a guided tour of the huge megalithic blocks, which weigh several tons, many of which are beautifully carved and placed with great precision, which is still a mystery to many masons today.

One of the greatest mysteries for archaeologists and other scientific researchers today represents the phenomenon of stone spheres. We visit the greatest number of stone spheres ever found in Bosnia and Herzegovina, the Bosnian Stone Spheres park of Zavidovići, for which people during the past attributed magical healing powers.

We will have ample time to time to explore and shop in Sarajevo - the cultural and historic heritage of the city of Sarajevo dates back from prehistoric time, through the Roman Period to the Ottoman and Austro-Hungarian period.

Archaeological Research and Talks

- Presentation by the Bosnian Pyramid Foundation's Archaeologist of the fascinating archaeological artefacts stored on the laboratory.
- Visit to the Visoko museum which exhibits the cultural and historic heritage of the Visoko area which was once the centre of the Bosnian kingdom including the old castle.
- Visit to Tumulus in Vratnica, an artificial conical hill just 5 km from the pyramid site. It was constructed using combination of two-layer megalithic blocks.
- Illustrated talk by Dr Sam Osmanagich, "Purpose of the Pyramids revealed".
