Package includes:

Guidance by Dr. Sam Osmanagich, local English-speaking guides, air ticket Luxor-Cairo, 2-night accommodation in 5-star hotel “Helnan Aswan” in Aswan with breakfast included, 3-night accommodation on 5-star Nile Cruise including open buffet-style meals (breakfast, lunch, dinner), 2-night accommodation in 5-star hotel “Mercure Luxor” in Karnak with breakfast included, 4-night accommodation in 5-star hotel “Steigenberger” in Cairo with breakfast included, A/C van/bus for local transportation, excursions and entrance fees as per Program, Sound & Light shows as per program. This is an English-speaking tour.

Package excludes:

- Air-tickets from home destination to Aswan and from Cairo to home
- meals (lunch and dinner), however guides will recommend good local restaurants during the breaks (dinner in luxury restaurant is 10 euro)
- during the Nile cruise meals are included but drinks are excluded
- optional tours (Hot air balloon tour is \$ 85.00)
- Egyptian visa (for some countries it can be obtained at the arrival, but double check at: <https://www.worldtravelguide.net/guides/africa/egypt/passport-visa/>),
- tips to drivers, local guides, Company representatives, hotel receptionists, pyramid and chamber guards, etc. - it's customary to tip those type of services in Egypt, advise it to prepare small bills (for example 50 x US\$ 1.00 bills)
- insurance (for example, choice of the worldwide insurance: <http://www.lonelyplanet.com/travel-insurance>).

Note: You will be in good hands, going to safe places, learning and seeing a lot, with the opportunity to experience the magnificent, ancient Egyptian sites through different eyes. Several meditations will be held at special energy places inside the pyramid chambers.

About Host of the Program: Dr. Sam Osmanagich, Ph.D., anthropologist and pyramid researcher (www.samosmanagich.com). His doctorate is dedicated to the Mayan pyramids (Mexico, Guatemala, Honduras, El Salvador, Belize), He has discovered Bosnian Pyramids in Visoko leading this project as Principal Investigator from 2005. Author of 17 books about ancient civilizations and pyramids, translated into 16 languages. Member of Russian Academy of Natural Sciences, member of Alexandrian Archaeological Society. He's been lecturing at Faculty of Archaeology at University of Cairo, University of Ein Shams in Cairo, University of Alexandria, Library of Alexandria and Alexandrian Archaeological Society (Egypt).

Tour participants will be able to hear scientifically based conclusions that no Egyptologists will tell you: real age of the oldest pyramids, true purpose of pyramids, elements of pyramids as energy machines, why known kings of Egypt are not builders of colossal statues in Abu Simbel and Memnon, where is the place where Egyptian gods (with small 'g') were seen last time.

He will host this organized trip for the second time with the most comprehensive tour to Egypt and share his knowledge. This trip will change the view of the ancient history for the participants, but also the conventional view of Egyptian antiquities (pyramids, temples and megaliths).

What to expect: (1) See most important (known) Egyptian monuments. (2) Enjoy excellent organization. (3) Have beautiful weather in December, 20 C degrees in average. (4) Learn about different culture, their hospitality. (5) Use common sense and thinking out-of-the-box

Welcome.
