Israel is also the birthplace of all religions and mysticism, the place of Gods revelation, and a center for energy lines that cover our Planet.

In this unique tour, we offer you an opportunity to discover the secret and mystic places of Israel, off the beaten track, with emphasis on the most ancient cultures and their megalithic remains, those that are known and those that are not known.

Host of the tour is Dr. Sam Osmanagich, Ph.D. ([www.samosmanagich.com](http://www.samosmanagich.com) and [www.booksbydrsam.com](http://www.booksbydrsam.com)), world expert on pyramids and ancient megalithic cultures. *“Intense experience”*

*“I am proud to tell my friends that I visited non-touristic places. And being guided by two knowledgeable guys was great.”*

*“Zeev’s knowledge is indescribable. I was very impressed. I will encourage anyone to join in.”*

*“Sam, I like your personality, your open mind, your transparency and your charisma.”*

Dr. Sam in Jericho, 11,500 years old city

*"I now have great memories of Israel, Jordan and our group. I am inspired to look up things on the internet which keep the feelings of the trip going. I met some wonderful people and have been invited to Switzerland as a result. Sam and Zeev are too extremely knowledgeable individuals with incredible memories with much information to pass on. They were so kind and helpful if someone was ill and needed special attention or a lift back to the hotel. They are also both lovely guys and are sadly missed. The accommodation on the trip was very good. The food at Inbar kibbutz was out of this world. It was all vegan, delicious in taste texture and beautiful to look at. I am a meat eater and am inspired to try some vegan cooking because of the wonderful tastes and the addition of more variety in my cooking. We had lovely buffets of hot cooked meats, fish and vegetables, salads, olives, houmous and tahini, rice and couscous and much more in other hotels. Our coach drivers were great and so helpful and our Jordan guide was a very cheerful and motivated young man. As for the tour it was so interesting and such a great experience to remember when you are back home. The Galilee, Golan Heights and Jerusalem were such a contrast. Wadi Rum and Petra were really special. This was a holiday of a lifetime for me and it has provided enduring memories."*
